### **EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Peter Dilworth on 1/7/05.

The application has been amended as follows:

Claims 1,2,4-9,20-22 have been cancelled.

In claim 23, line 3, "an intervertebral" has been deleted and replaced with --- a bone or bone-derived ---.

### ***Allowable Subject Matter***

Claims 23,28-37 are allowed.

The following is an examiner's statement of reasons for allowance: the method of implanting a bone-derived cylindrical implant with at least two radially extending tabs in a stepped bore of a patient's vertebrae, aligning the tabs in the space of the vertebrae and then positioning the implant adjacent the vertebrae and then rotating the implant to place the tabs in the enlarged area of the stepped bore was found to be novel. The prior art did teach forming a stepped bore in a patient's vertebrae and the prior art also disclosed a cylindrical implant with tabs formed of bone. However, the prior art did not teach the combination of the procedure using such an implant.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Brian E Pellegrino whose telephone number is 571-272-4756. The examiner can normally be reached on Monday-Thursday from 9am to 6:30pm. The examiner can also be reached on alternate Fridays.
